

A RESOLUTION CALLING FOR ADHERENCE TO THE U.S. CONSTITUTION FOR ELIGIBILITY TO BECOME PRESIDENT OF THE UNITED STATES

WHEREAS: The Constitutional qualifications of Presidential eligibility, as written in Article II, Section 1, Paragraph 5. state: "No person except a natural born Citizen, shall be eligible, or a Citizen of the United States, at the time of Adoption of this Constitution, shall be eligible to the Office of President;"

WHEREAS: A originalist and strict constructionist understanding of the Constitution in the Scalia and Thomas tradition, as well as multiple U.S. Supreme Court cases, have found that a "Natural Born Citizen" is defined as a person born on American soil of parents who are both citizens of the United States at the time of the child's birth.

WHEREAS: Several states, candidates, and major political parties have ignored this fundamental Presidential qualification, including candidate Nikki Haley whose parents were not American citizens at the time of her birth.

WHEREAS: Ignoring Presidential qualifications undermines the foundation of Constitutional legality for governance and security for the United States by allowing unqualified candidates to run in Primary State contests.

WHEREAS: The Executive Committee of the GAGOP decides which presidential candidates are allowed on the ballot for the 2024 Georgia Republican presidential primary

RESOLVED, it is the will of this convention that only candidates who meet the natural born-citizenship standard, interpreted through an originalist and strict constructionist standard, be placed on the 2024 Georgia Republican presidential primary ballot.

Adopted this 9th day of December, 2023.
